WHO ARE WE

Your Trusted Fundraising Partner

Craigmyle works with many remarkable organisations, and we're proud to celebrate some of the impact they've had in 2025; by partnering with UK charities, churches and schools, Craigmyle helps unlock fundraising potential through tailored strategy and hands-on support, driving lasting impact nationwide.

Holy Trinity Hastings

SECTOR: CHURCH

Transforming Lives in
One of England's Most
Deprived Communities

Impact

2025 brought the culmination of three years' hands-on guidance with HTH to turn a glimmer of an idea into a successful **£4.5M Heritage Fund grant**, to save the Grade II* Gothic Revival church, restore its treasures, and bring lasting change to its community.

“

When Craigmyle arrived it felt manageable for the first time – both the possibility of funding, and also how we would be able to incorporate heritage activities into our mission. We are so grateful – for the vision and energy and detail you have brought. I am thrilled to report that with their support we have secured a £4.5M grant from the Heritage Fund.

Simon Larkin, Church Leader

Pecan

SECTOR: COMMUNITY

Tackle poverty in south London by restoring dignity, belonging & belief

Impact

In 2025, we successfully secured funding from charitable trusts, enhanced Pecan's bid-readiness systems, supported recruitment and provided training on fostering their fundraising culture. We also managed two successful Big Give matched-giving campaigns, helping to revitalise their individual giving.

“

Craigmyle keeps us informed about funding opportunities and supports us to present our work in ways that are both accessible and credible to funders. Having that external perspective, someone who knows the funding world deeply but is genuinely invested in what we're trying to do in the community, has been invaluable.

Rebecca Scott, Pecan CEO

St John's Deptford

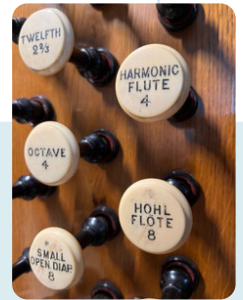

St John's Church with
Holy Trinity Deptford

SECTOR: CHURCH

Faith in Action for the
Local Community

Impact

Having helped St John's secure their Heritage Fund development grant, 2025 saw a strong development phase. We've helped secure the partnership funding, collaborated on project development, and supported the Heritage Fund pitch, unlocking a **£0.46M delivery grant** which will enable St John's to restore the Binns' historic pipe organ and engage Deptford's diverse communities. Continued support during the delivery phase will build in-house fundraising capacity.

Fight Against Blindness

SECTOR: COMMUNITY

Helping young people with visual impairment reach their potential

Impact

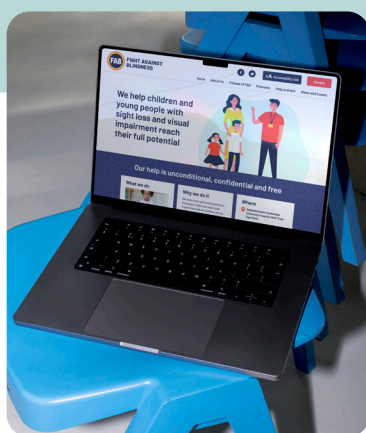

In 2025, with our help, FAB **expanded their psychology service by 11%** so young people receive the extra time they asked for. This was supported by sustained multi-year trust income, nearly three times the 2020 baseline.

“

Craigmyle is a member of the FAB team. Their guidance, professionalism and delivery are highly valued, and an important part of our strategic plan.

Clive Fisher, Chair

Pembrokeshire County Council

Haverfordwest Castle:
Pembrokeshire's
Heritage Gateway

SECTOR: HERITAGE

Impact

After securing a £17.7m Levelling Up Fund Award and a £368.5k Heritage Fund Development Grant, in 2025 Craigmyle helped Pembrokeshire County Council progress key bids, including **securing £2.79m from Welsh Government.** With the Heritage Fund delivery grant application and an additional Welsh Government bid decisions due in 2026, this £30m+ project is within sight of transforming Haverfordwest Castle into a major tourist attraction and vibrant community hub.

“

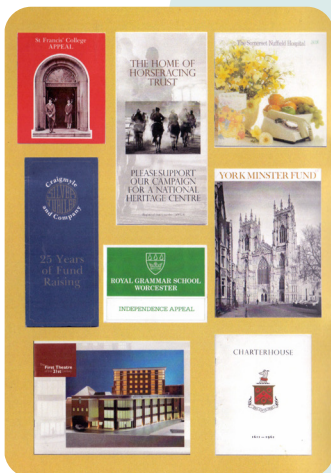

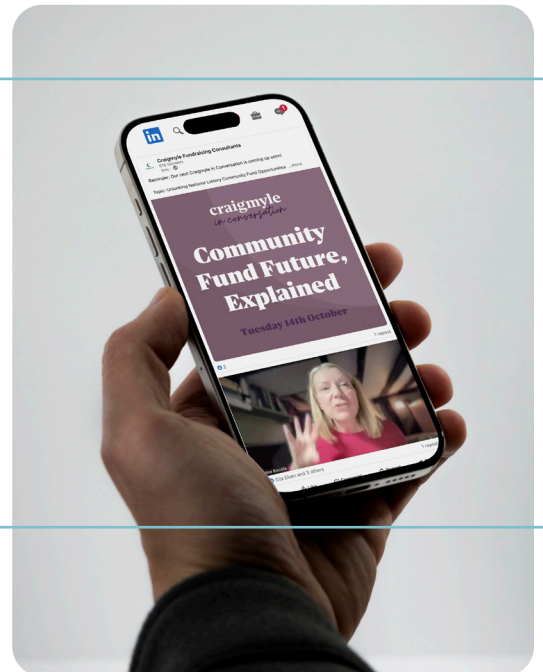

Working with Craigmyle has been an incredibly supportive and successful fundraising journey. The dedication and commitment they have given to the project is outstanding.

**Rowan Matthiessen,
Client Project Manager**

Craigmyle highlights 2025

Launch of our **Craigmyle In Conversation** series, bringing organisations together to share insights on fundraising, including sessions on Church fundraising and the National Lottery Community Fund. More sessions are planned across different areas to inspire, share knowledge, and offer practical support

The **Making the Ask exhibition** at the University of Kent explored modern fundraising through the Craigmyle archive, held at the UK Philanthropy Archive since 2022.

Our **growing team** combines strong expertise in fundraising, strategy and case and project development, with enhanced skills in activity planning and evaluation added this year.

What makes us different?
